

CONTAINER GARDENING WORKSHOP

Sunday, June 5th, 11am - 1pm

Did you ever wish you could grow your own food but didn't think you had either the know-how or the space to do it?

Container gardening is a great solution for farming small spaces!

If you're curious about how to get started please join us for a **FREE** workshop where we will provide you with all the info you need to start growing your own herbs, fruit, and veggies on your balcony.
