### **Guest Speaker**

**John Lorinc**

award-winning urban affairs journalist  
and author of "The New City - How the  
Crisis of Canada's Cities is Reshaping  
our Nation".

The DGRA was formed in the fall of 2004 to fight the development of a fourth high-rise at Dover Square. We consequently represented the community at the Ontario Municipal Board. We'll update you on the OMB decision, what's happened since and what we expect will happen next at Dover Square.

We'll also update you on:

- the Sylvan-Havelock apartment building
  - the Dewson Hospital
  - developments on Bloor Street
  - Houselink on Delaware
- and more!

But we can't do anything without your support. Come out to the meeting and renew your membership or join for the first time. Come meet your neighbours that volunteer their time to building this association. We look forward to seeing you!

Refreshments will be served. Children welcome!
